

COVID-19 POSITIVE TEST POLICY

EMPLOYEES

If an employee informs Dust Bowl Brewing Co. that they have tested positive for COVID-19, the following protocols will be followed:

1. We expect the employee to follow the CDC's recommendations for what to do if you are sick with COVID-19 (<https://www.cdc.gov/coronavirus/2019-ncov/downloads/sick-with-2019-nCoV-fact-sheet.pdf>).
2. We notify the Stanislaus County Health Department and follow their guidelines.
3. We complete a detailed cleaning in the Back-of-the-House, Front-of-the-House, common areas and work stations, which is in addition to the daily sanitizing measures executed by the dedicated "sanitizer" position, who cleans all high-touch surfaces repeatedly during operational hours. The tables and chairs in the taproom and Beer Garden are also cleaned after each use.
4. All of our employees are temperature checked on their way into the building and their health is questioned.
5. We trace the possible exposure to other employees and anyone with direct exposure will be placed on leave until a negative test or quarantine period has been completed. We will maintain confidentiality as required.
6. Customers and vendors should never have direct contact with employees because our employees are wearing masks when interacting with guests. All Dust Bowl employees wear masks, including Front-of-the-House taproom staff, Back-of-the-House taproom staff, office staff and brewery staff.

CUSTOMERS/VENDORS

If a customer or vendor informs us they have been in our facility and have since tested positive for COVID-19 from an outside source, we will complete an extra cleaning of bathrooms and areas in which the customer/vendor was present. This extra measure is in addition to the extensive daily sanitizing steps that occur repeatedly on each shift, including cleaning of all high-touch surfaces, and sanitization of tables and chairs after each use.
